

Referral Partner Agreement

Date _____

1. Parties

This agreement is between **PandaDev** ("the Studio", support@pandadevhub.com) and _____ ("the Partner", email _____).

2. Referrals

The Partner may introduce potential clients to the Studio. A referral counts when the Partner introduces the client in writing (email to support@pandadevhub.com or the Partner's referral link) **before** the Studio has been in contact with that client, and the client signs an agreement with the Studio within **6 months** of the introduction.

3. Commission

- _____% of the setup or project fee the referred client pays for its first project.
- _____% of the monthly plan fees the client pays during its first **12 months**.
- Commission is calculated on amounts actually received, excluding taxes and refunds.

4. Payment

The Studio sends a statement and pays commission by bank transfer within **30 days** after the end of the month in which the client's payment is received. If a payment is refunded, the related commission is deducted from the next payment.

5. How the Partner represents the Studio

The Partner may describe the Studio's services using the Studio's published information, but may not make promises about price, timeline or results, sign anything on the Studio's behalf, or present itself as the Studio's employee. The Partner must tell the people it refers that it receives a commission.

6. Confidentiality and data

Both parties keep each other's non-public information confidential. The Partner shares a client's contact details only with that client's permission.

7. Term

This agreement starts on the date above and continues until either party ends it with **30 days' written notice**. Commission on referrals made before it ends is still paid under section 3.

8. General

The Partner is an independent party, not an agent or employee. This agreement is governed by the laws of the place where the Studio is registered. Electronic signatures are binding.
